TriLipo by Pollogen

Many people find stubborn pockets of fat that just won't go away. Developments in technology have made it possible to recontour your body and eliminate problem areas with a non-surgical, non-invasive, pain free treatment that is long lasting.

TriLipo technology delivers dual energy simultaneously to the target tissues through RF (radio frequency) and DMA (dynamic muscle activation). The combined heating effect and muscle activation result in homogenous and deep heating of both the dermal and hypo-dermal layers.

This maximizes fat removal and drainage which results in skin tightening by stimulating collagen regeneration.

NO CELL DESTRUCTION
Natural safe & most effective

TRILIPO
Contour + Tighten + Tone

A unique combination of TriPollar RF energy and Dynamic Muscle Activation

\$180

Value

Sessions are 20 minutes each

Red Light Therapy brings relief to symptoms of:

- Joint Pain or Osteoarthritis
- Muscle Pain, Tears and Sprains

Red Light Therapy helps:

- Heal Wounds, Scars and Acne
- Minimize Wrinkles
- Minimize Skin Discoloration

Red light cannot be felt and isn't painful because it doesn't produce any heat. Low-power red light wavelengths are emitted directly through the skin to relieve aches and pains, and heal wounds.
